## The Presbytery of Middle Tennessee Hunger Program

### Operating Guidelines

The Hunger Program is a ministry of the Committee on Mutual Support of the Presbytery of Middle Tennessee and follows the policies and guidelines of The Presbyterian Hunger Program based on the “Common Affirmation on Global Hunger” as amended by the 203rd General Assembly of the Presbyterian Church (USA) in 1991. Grants are awarded in good faith based on offerings received through the Cents-Ability Program given by the congregations of the Presbytery of Middle Tennessee.

### Hunger Program Priorities

This program assists churches and organizations addressing hunger-related issues through:

1. **Direct Food Relief** – Providing food relief to hungry people through food supplements and feeding programs in local communities.
2. **Developmental Assistance** – Providing programs that combat hunger through integrated development and empowerment of people in such areas as agricultural training, nutrition education, economic development, and community organization.
3. **Influencing Public Policy** – Providing advocacy and support in just and peaceful means for policy changes that will provide food for the hungry, empower their self-development, and enable them to be free from oppressive and unjust systems that fail to meet their basic needs.
4. **Life-style Integrity** – Fostering corporate and family lifestyles sensitive to the reality of the earth’s limited resources and the critical needs of the human family.
5. **Education and Interpretation** – Providing resources and training strategies to educate about the root causes of hunger and motivate people to action.
